

Awesome Massage

Reviewed by Leo G. from Chicago on Aug 29, 2009

I pre-booked an appointment with Noel from New York. I was staying at an upscale hotel in downtown Chicago with a great spa where I have had many massages, just not a very good one. My meeting was running late so I was late for my appointment, Noel was able to give me the full massage. It was definitely one of the best massages I have ever had and I have had hundreds. I have never had anyone work so hard. I wanted a sport massage and that's what I got. It was very physical, yet relaxing at the same time. The stretching was incredible.

Thank You Noel. I can't wait to get back to Chicago.
